

## STRIKE ON S. & P. PACIFIC HAS ENDED

### Railway Yields to Demand of Employes to Meet Federated Committee

### TRAINS NOW RUNNING

### Details of the Settlement— Pres. Wilson Interested Because of Position of the Transportation Lines Along Mexican Border.

(ASSOCIATED PRESS TELEGRAM)  
Houston, Texas, Nov. 17.—The strike of operating employes of the Southern Pacific lines in Texas and Louisiana was ended today when the railway yielded to demands of the men to meet a federated committee of the four unions in the controversy.

The men were ordered to resume work immediately. Announcement of the settlement was made by General Manager W. G. Vanhook of the Sunset Central lines here and was confirmed by the federated committee of the strikers. It was announced that official statements of details would be available from both sides about noon.

Within thirty minutes after the announcement was made that the strike had been ended, idle wheels began to turn in the Houston railroad yards.

The strike began November 13 at 7 p. m. during which three days not a freight wheel was moved on 2,400 miles of track and no act of violence was reported. Company officials helped to man enough engines to keep a dozen passenger trains in motion.

The trouble was due to 67 grievances, some of them dating back two years and which the four operating unions had been negotiating individually.

Orders have been ordered for a general resumption of train service on old schedules and a renewal of general activities on the Southern Pacific lines effective at 1 p. m. today.

### PRESIDENT HEARS OF THE SETTLEMENT

(ASSOCIATED PRESS TELEGRAM)  
Washington, Nov. 17.—The termination of the strike was brought about by the railroad and its employees adopting the proposal of the federal board of mediation and conciliation that the railroad meet the committee of the four unions. This proposal was sent from here last night by the board and stipulated that in event of refusal by either party, the question should go before the federal board for an attempt at settlement. Word of the settlement of the strike was received by President Wilson who has been much interested because of the position transportation lines along the Mexican border occupy in relation to any movement of the border patrol to enforce neutrality.

## CONG. ASHBROOK IS NOT WORRIED ABOUT HIS SEAT

Popular Representative of 17th Ohio District Welcomes Opportunity For a Contest.

Congressman Wm. A. Ashbrook while in Columbus Saturday was interviewed regarding the congressional outlook in the Seventeenth district and his prospects regarding a renomination to congress. The Dispatch said:

Notwithstanding that four well-known citizens of his district—men

who have been prominent in public life—are, as candidates opposing him for the fifth term nomination he seeks, Congressman W. A. Ashbrook, Democrat, of Johnstown, for the past eight years national representative from the Seventeenth district, seems to be in no wise perturbed over the outlook for his success.

"Why should I worry? Was I not elected the last time by 20,000 plurality, the largest given any candidate for congress in the United States?" Mr. Ashbrook interrogates. Ever and anon he asks the self-same question, and with unvarying regularity his answer is always the same: He should not worry.

Mr. Ashbrook's opponents for the nomination this time are: Senator William R. Green of Coshocton, president pro tem of the senate, and author of the workmen's compensation act and other important laws; Representative W. Duane Fulton of Licking county, author of the congressional redistricting law; Ex-Representative Curtis E. McBride of Mansfield, and ex-Probate Judge Lewis Brucker of the same city.

"I have never had a real fight for the nomination and I welcome the opportunity which my four good friends make possible for one," said Congressman Ashbrook, while at the governor's office the other day, waiting to see the chief executive. "Will I win? It will be easy. This is a free country and any one who so aspires may weigh in for this nomination. But I am willing to leave my case to the people, believing my record in congress will return me a winner."

Mr. Ashbrook had just come from a conference with trusted political lieutenants from various counties of his district, which was held in Columbus, and the reports he received from them put him in uncommonly good humor. The word they brought to him was that things were in fine shape for him in their respective counties and there was not a thing to fret about. Mr. Ashbrook said that his call on the governor had nothing to do with his candidacy.

Congressman Ashbrook is modest and unobtrusive. He is reticent and his feathers are not easily ruffled. That he has more than a superficial knowledge of the game political is indicated by the fact that he has managed to get himself elected to congress four times without any very serious trouble. As he says, this fight he now has on is a matter of the first real one he has had. It will test the strength of his fences.

Mr. Ashbrook made up his mind to go in for a congressional career eight years ago, last spring when serving as a member of the Ohio house of representatives. It came about in an odd way. It was when Representative Ed Wertz of Wayne county was making a speech, something he was usually doing. Both men were from the same congressional district.

Mr. Wertz was telling his colleagues that he would not be back for the next session, intimating very broadly that he would be nominated and elected congressman, and, of course, that assumption was tenable, because no man, no matter how good, could keep his job as member of the Ohio house and also as member of congress. The members, catching the significance of Mr. Wertz's remarks, shouted out their congratulations to him.

Representative Ashbrook sat back in his seat and said nothing, that is, not out loud, but he did say something very low like to himself, kind of sotto voce, and it was this: "Shucks, he is not going to be our next congressman. What's the matter with myself going after that prize?" The notion struck him rather suddenly but with a great deal of force, and the more he pondered the proposition, the better it looked to him. It culminated in his announcing himself as a candidate, and in due time he was elected.

Mr. Ashbrook's success in winning that nomination and his great victory over Judge Smyser, the Republican nominee at the election of that year is history. It was the beginning of Mr. Ashbrook's successful career, which has followed up to the present time.

While it is plainly in evidence that he will win again in the approaching contest in the new 17th district, it is equally a certainty that he will treat all his opposing candidates with absolute fairness.

## BELIEVE STEAMER IS LOST

### Wyoming and Barge With Crew of 23 Lost in Saginaw Bay

### BIG FREIGHTER SINKS

### Derelict for More Than a Week Goes to Bottom of Lake Huron This Morning—Ship 40 Bodies to Sarnia.

(ASSOCIATED PRESS TELEGRAM)  
Port Huron, Mich., Nov. 17.—The steamer Wyoming and barge probably foundered in the gale a week ago Sunday on Lake Huron. The Wyoming passed this port upbound at 5:30 o'clock on the morning of Nov. 7. It is thought she was near Saginaw Bay when the storm broke. The Wyoming and barge had a crew of 23. She was a wooden steamer.

The overtaken freighter Charles S. Price, a derelict for more than a week, sank in Lake Huron shortly before 9 o'clock this morning. The report was received here by wireless.

Information was received here this morning that forty bodies of sailors who lost their lives in last week's storm disaster on Lake Huron, were on their way to Sarnia, Ont., opposite this port from Kincardine, Ont., where they had been washed ashore. Many of the bodies are still unidentified. No further details were available here this morning in connection with the discovery yesterday of a pilot house supposed to be from a wooden steamer which was found on the Canadian shore a few miles above here. All of the vessels heretofore reported lost were said to have been of steel construction and if a wooden steamer went down in Lake Huron her identity is a mystery.

(ASSOCIATED PRESS TELEGRAM)  
Buffalo, N. Y., Nov. 17.—The Wyoming Steamship company, owners of the steamer Wyoming, reported lost in Lake Huron, stated today that their vessel was safe at shelter in Lilly Pond, Lake Superior.

### SEARCHING FOR BODIES.

(ASSOCIATED PRESS TELEGRAM)  
Cleveland, Nov. 17.—The Lake Carriers' association, which has arranged for a tug to patrol the American side of the lakes in search of bodies of victims of the recent blizzard, today announced that the Canadian government has offered it a revenue cutter to assist in the work. The offer will be accepted.

## FLOOD RAGING IN THE UPPER MONONGAHELA

(ASSOCIATED PRESS TELEGRAM)  
Pittsburg, Nov. 17.—Factories, mills and business houses along the rivers having escaped damage from the sudden rise in the Allegheny river last Friday, are prepared to combat the flood in the Monongahela river which is due to reach its height here today. A stage of 24 feet at the point is predicted.

Heavy snowfall in the mountainous section of West Virginia followed by an unusually heavy rainfall has caused the greatest flood in 25 years in the upper Monongahela. Weston and Crafton, W. Va. report streets inundated. Railroad tracks and business sections in Fayette City, Pa., are under ten feet of water.

Sufficient warning of the flood in the Monongahela has been sent to all points by the weather bureau and little damage is expected to result even should the predicted stage be exceeded.

The Monongahela river reached its high point at 10 o'clock this morning at 22.2 feet and an hour later had fallen two-tenths of a foot. Not much change is expected by the local weather bureau until tonight. The Allegheny river is also falling and for the present all fears of a heavy flood in the Ohio river have passed.

## \$20,000 MISSING FROM PACKAGE OF GOLD IN TRANSIT

(ASSOCIATED PRESS TELEGRAM)  
Paris, Nov. 17.—Clever thieves succeeded in extracting ingots of gold valued at \$20,000 from a consignment of \$1,000,000 while it was on the way from Constantinople to Paris last week. Details of the robbery were made public today. The gold was sent by the Imperial Ottoman Bank at Constantinople to the Ottoman Bank here in forty cases, iron-bound and sealed. The cases when they reached their destination looked from the outside as though they had never been touched but on being checked at the bank the \$20,000 was missing.

## Relations Between United States And Mexico May Be Severed At Almost Any Moment Is Latest News From Mexico City

William F. McCombs, Chairman of the Democratic National Committee, and Bride

William F. McCombs, chairman of the Democratic national committee, who will likely become American ambassador to France, has arrived in the United States with his bride whom he married in London in the middle of November. She was Miss Williams, daughter of Colonel Williams of the United States army. None of Mr. McCombs' friends, not even President Wilson, whose candidate for the Democratic nomination for the presidency the conducted before the Baltimore convention, knew Mr. McCombs was to be married, and the announcement from London was considerable of a surprise to them. This is what Mr. McCombs had to say about Europe's view of President Wilson's Mexican policy:

"England is not so acutely interested in the situation. It is only her investors who have money tied

## Young Brakeman Dies From Injuries Received When Foot Caught In Frog Of Switch

Rex E. Hixon, aged 23 years, a freight brakeman on the Pennsylvania lines, received injuries at 10 o'clock Sunday night near the O'Bannon avenue crossing, East Newark, which resulted in his death at the Newark Sanitarium Monday morning at 6:30 o'clock. Hixon's legs were crushed under the wheels of the engine of his train, when his foot became fastened in a switch-frog. His mother, Mrs. Marie Marlett, of Plainfield, Coshocton county, and his sister, Mrs. B. A. Riffe, of Newcomerstown, arrived at the Sanitarium an hour after his death occurred. His mother and sister suffered greatly from the shock as they understood that his injuries were not necessarily fatal.

Hixon's train had stopped near the O'Bannon avenue crossing and the engine was uncoupled to go to the water tank. Upon its return, Hixon went to adjust the coupling and stepped on the frog, his foot becoming fastened. He was knocked down and the engine passed over his legs. His right leg was crushed above the ankle and his left leg was broken above the knee and his left thigh horribly crushed and mangled. He was rushed to the Sanitarium in the Bazler & Bradley ambulance and the Pennsylvania company's surgeon, Dr. Homer Davis, attended him. However, his injuries were such that his recovery was impossible and his death occurred at 6:30 o'clock Monday morning. The body was removed to the Bazler & Bradley morgue where it was prepared for burial. At 1 o'clock it was shipped to Plainfield, a special order being secured to stop train No. 6 at that place to let the party off. His mother and sister are the only members of the immediate family surviving. An aunt, Mrs. Fimmel, lives at Roscoe, near Coshocton.

Miss Burns is vice-chairman of the congressional union of the national woman suffrage association.

## MYSTERIOUS SHOOTING OF YOUNG ARTIST

(ASSOCIATED PRESS TELEGRAM)  
New York, Nov. 17.—Raymond Lewis, a young artist whose specialty is in painting a star scene, is in a serious condition in a Long Island hospital today as the result of a mysterious shooting. He was walking in a park at 13 broadway, Long Island city, when a bullet fired by some person unseen lodged in his shoulder. He talked a quarter of a mile to his home and there collapsed.

## Members of American Embassy Ready to Leave On Short Notice and May Take Evening Train for Vera Cruz

### HUERTA PROCEEDING TO ORGANIZE NEW CONGRESS

Serious Consequences May Follow Such a Step—Mexican Minister of War May Leave His Post Owing to Misunderstanding With Pres. Huerta—Exodus of Foreigners From Mexico City Continues and All Trains to Vera Cruz are Jammed—Situation is Extremely Critical.

(ASSOCIATED PRESS TELEGRAM)  
Mexico City, Nov. 17.—An early severance of relations between the two countries is regarded here as inevitable. None of the newspapers, whether printed in English or Spanish, published more than the briefest dispatches today touching the situation and no indication was given in these of the intentions of Washington toward Mexico.

Whether the United States embassy is to remain or to be immediately withdrawn appears to be a matter of which Nelson O'Shaughnessy, the American charge d'affaires, himself is uncertain. The staff of the embassy is ready to leave at a moment's notice and little surprise would be felt here, although alarm would be caused, in case Mr. O'Shaughnessy and his establishment should take the evening train to Vera Cruz.

There was considerable gossip in political circles today of further changes in the Mexican cabinet. General Blanquet, the minister of war, is said to have had a misunderstanding with President Huerta, which may cause him to leave his post.

With the departure of Manuel Garza Aldape, late minister of the interior, foreigners here feel that the cabinet has lost one of its most level headed members, an official whose moderation could be depended upon. His successor has not been chosen.

In the meantime General Huerta is proceeding with his efforts to organize the new congress regardless of the notice given to him by John Lind that serious consequences would follow such a step.

It was expected today that a further attempt would be made this afternoon to organize the senate, as Saturday's effort failed owing to the lack of a quorum.

The chamber of deputies was ordered to hold a session to receive the credentials of its members. Unless the United States finds a means to bring about alteration of the present plans, the first meeting of that house will occur on Thursday.

Mr. O'Shaughnessy at half past 10 o'clock this morning said he had received no indication from Washington that he was to close the American embassy here. The American charge d'affaires appeared to have abandoned hope of any renewal of negotiations with the Mexican government, and he said he simply was awaiting orders.

General Huerta regards his part in the recent exchange of communications with the United States as finished. He expects to find no difficulty in consummating his plan to bring his new congress to full organization tomorrow and he continues planning his military campaigns and carrying out his policies of pacification.

What further move may be taken at Washington is a question which neither the Mexicans nor the foreigners here find an easy one to answer, but there was noticeable today an increasing expression of the opinion that the United States would continue her hands off policy.

This was not a predominating belief, but those who expressed it pointed out that there was an increasing number of Federalists and Constitutionalists, play their own game to the finish, the recent taking of Juarez by the Rebel forces being cited as perhaps an encouragement of such a disposition at Washington.

It was reported unofficially today that Chihuahua had been captured. The war department, however, has little information regarding the military operations, especially those in the north in which the Rebels are said to be victorious. The situation about Tuxpan, the center of the oil industry is described as acute.

The Rebels are urging the foreigners to cap their wells and to leave them, as the Rebels do not propose to leave an unrestricted supply of fuel oil for the railroads nor to enable them to derive revenue from that source.

The exodus of foreigners, especially Americans, continued today. The trains to Vera Cruz were jammed. It was asserted at the American em-

bassy that no new instructions had been received. The report was revived today that General Huerta intends to resign on the convening of congress in regular session on Thursday. It was based on the alleged declaration of a member of the new chamber of deputies.

Many American citizens who have reached here from the smaller towns in the interior of Mexico declare that the situation has now reached its most acute stage. A number of business concerns here whose headquarters are abroad have received cablegram instructions to send the women and children of their employes out of the Federal capital. A man arrived from Vera Cruz last night who claimed to be a messenger from John Lind, with what authority was not known, and who urged the immediate departure of all Americans—men, women and children.

All the ministers of foreign countries are still here and it is not anticipated that any of them will leave their posts even in case of intervention. Admiral Von Hintze, the German minister, declares today that he believes there is no reason for anxiety. "A plan is being considered," he said, "by which armed intervention will most surely be avoided."

The impartial today refers editorially to the organization of the Mexican congress. "It appears," says the impartial, "that this congress displeases the mighty personage of the white house. He takes us for slaves, whereas we belong to the noble and fierce race of Quetzimoc, the last Aztec sovereign of Mexico, crowned with the blood of another indomitable and proud people whose monuments of glory rear themselves on the heights of the Andes. Our grand president, now reborn by intrigues, stands more firm than porphyry or bronze. A people which loses its independence and dignity without a struggle." (Continued on Page 3, Col. 2.)

# SPEED BOYS FROM NORTH HIGH PLAY NEWARK ELEVEN OFF THEIR FEET; VISITORS WIN BY SCORE OF 26 TO 0

Despite the similar scores made by Columbus East High school on Columbus North and Newark High, the last two named teams were by no means evenly matched when they met at White Field Saturday afternoon. North was an easy victor by a score of 26 to 0. Only in the last quarter did the Newark boys show any class at all. Even then the North team was able to add one touchdown to the already substantial score made on the locals.

The entire game, fifty minutes of it, was played on a field which was covered with puddles of mud and water. The players were splattered with mud and water so that at the end of the game it was difficult to recognize any of them or even to tell whether they were whites or blacks.

It was difficult at times, however, to see that the North back-field was in any ways hampered by the heavy field. The speed of this team was marvelous, considering the uncertain footing. These backs got into the various plays quickly and the strenuous work on the poor field did not seem to cause them the fatigue that it did the Newark boys.

For Newark, three boys played almost the entire game. This was particularly true of the offensive work. Indeed, if Quarterback Orr had been disabled early in the game, it is difficult to imagine what the result would have been. There is no doubt but this dauntless player cheered the other members of his team to better efforts. Not in the history of the local school has there been such an exhibition of daring and spectacular work as that shown by Orr Saturday.

He has not fully recovered from the collision with Chic Harley of East High two weeks ago, in which Orr's head was laid open several inches. Saturday, Orr's head was swathed in heavy bandages. The wound was protected with several thicknesses of surgeon's gauze and Orr went into every play with more spirit than most any other man on the team.

He received good support from Somers and Dickinson. Other members of the team played in spurts, at times brilliantly then again poorly.

For North High Swartz, Holl, Craig and Groves played the best game. Swartz was particularly active in stopping Newark's efforts in the forward pass. He intercepted several. Craig and Groves were the most consistent ground gainers for the visitors.

while Rhodes was also effective in carrying the ball.

Not until the last quarter did Newark show any of the form which characterized some of the games of the early season. In a few minutes after this quarter started, Newark resisted North's attack stubbornly. On three successive plays, Newark's backs broke through the North line and tackled the man with the ball, well back of his scrimmage line. On the last play, North attempted a forward pass which was fumbled, and before the ball could be recovered, the quarterback was tackled in his tracks. North lost thirty yards on these plays and of course the ball went to Newark.

It was also in this quarter that North advanced the ball to the goal, defended by Newark, and with the piking on Newark's end of the line, the locals resisted successfully. Four times the North backs assaulted the line, hoping to gain the yard necessary for a touchdown, but each time the ball settled to the point from which it was put into play. Newark took the ball on downs. Quarterback Orr called for a fake punt and carried the ball twenty yards into the field, taking the North defense by surprise.

Newark played the defensive game almost the entire afternoon and when they did resist stubbornly enough to get possession of the ball, their gains were not regular and North soon regained possession and started their advance.

### "Fine Feathers."

What is considered quite the most sensational dramatic success of the season, "Fine Feathers"—will be seen here at the Auditorium, Saturday, matinee and night, November 22.

Mr. H. H. Frazee, who produced "Fine Feathers" in New York and Chicago last season, and under whose direction the play will be seen here, considers it the most important production of his entire career as a theatrical producer.

"Fine Feathers" reflects that condition of the nation; its story develops what may be found in one's neighbor's home or possibly in one's own home. That it is a veritable expose of the truth may be easily understood by a mere recital of the premise of the story which concerns the struggle of a young couple to maintain a home on \$25 per week and withstand the opportunity to gain luxury by accepting a proposition in which graft is the predominating note.

### "A Princess of Bagdad."

Manager of the Auditorium Theatre has secured for next Wednesday and Thursday the very latest feature in the world of moving pictures. "A Princess of Bagdad" will make its initial appearance to the people of Ohio at that time. This film is eight reels in length and is something out of the ordinary. It is in reality a moving picture musical comedy and is being shown to capacity houses in New York city. No other production this year has been so heavily advertised nor is receiving so much praise from the critics.

## DENISON MAN WILL MARRY A CANTON GIRL

Leon R. Taylor, a Denison graduate recently won distinction by being elevated to the governorship of New Jersey. It has just become public that Joshua Jones, also a Denison man, has proven the matrimonial choice of a wealthy Canton, O., girl, who is a nobleman for him.

Jones is an engineer and was a childhood admirer of the young woman, Miss Leona Frailey, daughter of "Jack" Frailey, a prominent Cantonian. Many months ago Miss Frailey met and was wooed by a Hungarian count, whose United States home is in Cleveland, and who has vast estates in his native land. Recently, it is said, the old love spark between Miss Frailey and Mr. Jones went aflame, and a wedding is scheduled to take place before Monday, although neither Jones nor Miss Frailey will say where the ceremony will be performed for fear of being tendered a "party" by their Canton friends.

- 1884—John L. Sullivan knocked out Al Greenfield in two rounds at New York. The Alf person was touted as a mighty class fighter, who would tear the Boston Strong Boy limb from limb, but he wasn't feeling in a tearing mood just then. Sullivan gave Greenfield another chance the following year, and discouraged his championship ambitions in four rounds. Greenfield was one of a dozen "hopes" brought forward at that period by the anti-Sullivanites of pugilism, but John L. made quick work of all of them. Three of them, Al Marx, Dan Henry and Bill Fleming, he disposed of in less than a round each.

## BROUGHT HOME AN AUTO LOAD OF RABBITS

Joseph Jeffries and Joseph Stoup, "The Two Joes," participated in their annual stunt Saturday, a day's hunt on the opening day of the hunting season. This was the seventh anniversary of their team work afield and as usual they were not disappointed, coming home with the tonneau of the big Georgetown touring car filled with rabbits. The two hunters left Newark at 4 o'clock having relied on an alarm clock to arouse them at the unseemly hour. Boarding the big touring car with an expert chauffeur at the wheel they roamed the fields of Muskingum, Guernsey and Coshocton counties arriving home at 8 p. m. with just 137 rabbits in their possession.

Sunday a big rabbit roast was served at dinner to a number of relatives and friends and in the evening the two gentlemen entertained at a hauserpfeffer stag luncheon, hunting tales being served as desert. Mr. Wallace Diment acting as toastmaster and concluding by relating his experiences in hunting big game in the wilds of Sandusky county when he kept the larger portion of the male population of Clyde in wild game of all kinds.

It is a fact not known by many people but Mr. Jeffries is one of the crack spots of the country. His aim with the rifle is unerring and he seldom fails to bring down his quarry with the shot gun. Six years ago when "Buffalo Bill" was here with his wild west show, Mr. Jeffries old shooting partner, "Oklahoma Jim," had the local expert out on the grounds to indulge in a little practice. Mr. Cody, "Buffalo Bill," witnessed the contest and so pleased was he with Mr. Jeffries' skill that he offered him a position with the wild west attraction at a handsome salary, but it was impossible for Mr. Jeffries to accept it at the time.

Friends of the two Joes will be eating rabbit meat for several days to come and they all are of the unanimous opinion that when it comes to "knocking them over" no one has anything on the local nimrods.

### IMPORTANCE OF HEALTHY KIDNEYS.

Newark Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Newark citizen's example.

Mrs. Charles Walton, 74 S. Second St., Newark, Ohio, says: "I can vouch for the correctness of the statement given by one of my family some years ago, recommending Doan's Kidney Pills. They certainly are a wonderful kidney medicine."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Walton had. Foster-McMillan Co., Props., Buffalo, N. Y. 47

## DOANE'S FULLBACK RIPS THROUGH ACADEMY LINE

Columbus, O., Nov. 17.—Although outweighed many pounds, the Columbus Academy played a creditable game against the Doane Academy eleven of Granville Saturday morning. The score was 12 to 0, the contest being played in a steady rain.

In the second quarter, Borgess, Doane's mammoth fullback, plunged his way through the Columbus team's line for the first touchdown. In the third period he again scored through his line backing ability.

### AT WEHRLE PARK.

The C. M. A. defeated the C. A. C. football team yesterday at Wehrle park in an exciting game the score being 13 to 6. McCarty, Winters and "Grump" starred for the C. A. C. while Jim Brown was the star for C. M. A. "Muckle" Kennedy had his ear badly torn by one of the opposing players.

### VAPOR TREATMENTS FOR COLD TROUBLES

Are used in all hospitals. The vapors carry the medication to the lungs and air passages without disturbing the stomach. When Vick's "Vapo-Rub" Group and Eucamon Salve is applied over the throat and chest, these vapors—of Menthol, Thymol, Eucalyptol, Camphor, and Pine Tar—are released by the heat of the body. Usually the worst colds, asthma, and catarrh, and is teen minutes. Vick's is fine for head cold's asthma, and catarrh, and is absolutely harmless. Three sizes—from 25c up.

### TABULATION OF OFFICIAL VOTE ON AMENDMENTS

(Associated Press Telegrams)

Columbus, Nov. 17.—The official vote on the five constitutional amendments and the initiated anti-slipping bill has been completed and announced by Secretary of State Graves as follows:

Eligibility of women to hold certain offices—yes, 434,498; no, 254,566.

Small legislature—yes, 240,066; no, 417,528.

Anti-slipping bill—yes, 360,534; no, 455,999.

All propositions were defeated except the one to give women the right to hold offices in institutions in which women and children may be received.

### BUSTER BROWN IS BACK.

Old Favorite Among the Excellent Features of The Gazette Times.

Buster Brown smiles at us again in the colored comic section of The Pittsburgh Gazette Times, and we laugh right back at him and with him. Buster is the brightest and most amusing American boy who ever played harmless pranks in the pages of a newspaper. We have missed him for a long time. His return to us is one of the happiest events of recent journalistic history. Now we will have a good laugh every Sunday when our Gazette Times arrives.

R. F. Outcault, the creator of Buster and Tige and Mary Jane, thought he could retire from the "comic game," but he could not. Not only that, he comes back to it better than ever. Buster Brown never before was so funny. He is our old friend but more mirth-provoking than when we last saw him.

Buster rounds out the lot of good things regularly to be found in The Sunday Gazette Times. There are Elsie Janis' illustrated articles telling how to do the new dances, a page of real fashion and home hints by Anne Rittenhouse, a delightful series of drawings by James Montgomery Flagg, "A Girl You Know," much excellent fiction, including "Pollyanna," the "glad story," the Illustrated Sunday Magazine, complete in itself; a big sporting section and all the news. So The Gazette Times will satisfy all members of the family.

## American Woman's Voice In Politics Great Without Vote

By Sir ALFRED GELDER, Member of Parliament, of Hull, England.

THE VOICE OF THE AMERICAN WOMAN IN POLITICS WITHOUT SUFFRAGE IS FAR MORE POTENT THAN THAT OF HER ENGLISH SISTER WHO IS STRIVING FOR THE BALLOT.

If the wives and mothers of Americans are discreet they will continue to have LARGE INFLUENCE IN POLITICS AND OTHER AFFAIRS. I am in favor of giving women the right to vote in England, but I am distinctly opposed to the militant methods that are being pursued by our women. Suffrage for women is not a party question. Those who favor suffrage argue that, inasmuch as women already have the right to vote in municipal affairs, the right should be extended to parliamentary affairs. I believe this view to be the correct one. BUT I DEPLORE THE VIOLENT METHODS USED BY THE WOMEN. The better class of women in England are opposed to these methods.

There are many sides to the question. The householder, for instance, the woman householder, claims, and with reason, that she is entitled by virtue of her position to a voice in governmental affairs, and the married woman claims an even higher right as the mother of coming generations, and I believe they are both right, but they should be patient.

## GAS, DYSPEPSIA AND INDIGESTION

Time "Pape's Dispepsin"—In Five minutes your sour, bloated, gassy stomach feels fine.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Dispepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty cent case from your drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea, eructations of acid and undigested food—remember as soon as Pape's Dispepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

## IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like jumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## SECRETARY BRYAN IS NON-COMMITTAL OVER SITUATION

(Associated Press Telegram)  
Washington, Nov. 17.—Secretary Bryan was at his office early today reading over-night dispatches from Charge O'Shaughnessy at Mexico City. The secretary was non-committal about the situation declining to indicate what the next move would be or how soon developments might be expected. Reports that the American embassy would be closed and Charge O'Shaughnessy withdrawn were persistent again today by no confirmation was obtainable. High officials were reticent to discuss any phase of the report.

The president made it plain that the changes in the situation though they appeared kaleidoscopic in detail, had not impaired confidence here in the ultimate solution of the problem by peaceful means.

Official denial was made at the white house of a report that Pan-American mediation was contemplated and it was reiterated that no mediation of any kind had been offered to either faction. South American nations, it was stated, had been informed in the same way as European nations and have expressed in the main their desire to support the American policy. Brazil in particular in not having recognized the Huerta government previously is regarded especially friendly to the American policy. Secretary Bryan has ordered an investigation of the executions at Juarez but thus far has been unable to reconcile conflicting reports.

On representations which the state department directed Consul Edwards to make, Friends Ballin, an American, reported in danger of execution, has been released at Juarez. Consul Edwards reported Ballin's life had not been in danger. Rear Admiral Boush on the battleship Louisiana has been instructed to demand the release of several Americans detained by the Constitutionalists at Tuxpam.

## AMERICAN FAMILIES ARRIVE AT VERA CRUZ

(Associated Press Telegram)  
Vera Cruz, Nov. 17.—Eight American families arrived here from Mexico City reported that a general exodus was beginning. Many more are expected tonight and a still greater number tomorrow morning. Manuel Garza Alade, who recently resigned the ministry of the interior in the cabinet, arrived here this morning from Mexico City and boarded the steamer Espango, accompanied by his wife and children. He was escorted to the quay by the local officials.

In reply to questions he would only say he was proceeding to Paris to take up his duties as Mexican minister France.

## REBELS STRIP CORPSES OF THE EXECUTED MEN

(Associated Press Telegram)  
El Paso, Nov. 17.—Eleven men are known to have been executed in Juarez since Francisco Pancho Villa and his Rebel forces captured that city Saturday morning. The Rebel officials admit the execution of that number. Americans who have frequented the city since its capture claim that 23 have been executed.

The bodies of most of the victims are still unburied. More than 20 corpses, some of them men executed, some the bodies of victims of the battle, lay all night in the rain in the Juarez cemetery because graves had not been completed for them.

The body of Col. Enrique Portillo, executed Saturday, was brought to El Paso for interment today. It was

divested of its trousers and shoes by a Rebel who was short of clothing while it lay in the patio of the military barracks in Juarez. All Rebels here are badly in need of clothing and the distribution of captured Federal uniforms made by Villa, did not go around so there has been a scramble for the clothing of the men executed. The known victims of the Rebel executioners so far, are: Col. Portillo, Col. Cortinas, Captain Jose Torres, Captain Benavides, Captain Conceras, civilian, unknown, said to be aide to Guillermo Poras, personal representative of General Huerta, for the state of Chihuahua.

Jose Cordova, recent chief of secret service for Huerta in Juarez; Lieut. Reisse; Federal soldier who tried to escape at cemetery while digging graves for dead comrades; knocked down with musket and killed while unconscious; Pablo Ybave, Juarez policeman, unknown civilian, employed in Juarez custom house before the Rebels captured it.

Only four men were executed Sunday. There were Captain Conceras; Jose Cordova, Pablo Ybave, and the Federal grave digger. The latter ran and was overtaken by a Rebel who broke his rifle in the terrific blow which he struck. The fleeing soldier fell unconscious and was then shot. An American railroad man was an eye witness to the affair.

The Rebels continued the work of establishing their new civil government in Juarez. They have given permission to the Mexican Northwestern railroad owned by the Pierson Syndicate of New York and London to rebuild to its timber tracks, south of Juarez. Work probably will start this week. General Villa said the rest of his army will arrive upon bringing in all his artillery. Two train loads arrived today.

Villa declares that Chihuahua City will be attacked as soon as he can replenish his ammunition. Americans express fear of trouble if Villa mobilizes his entire army of 7000 undisciplined men on the border.

## RETALIATION ADVANCED FOR THE EXECUTION

(Associated Press Telegram)  
Nogales, Sonora, Nov. 17.—Retaliation for the execution of Constitutional prisoners by Mexican Federalists was advanced today as a possible explanation of the action of General Villa at Juarez in ordering the execution of at least two Federal prisoners yesterday. At General Carranza's headquarters it was denied that specific orders for the Juarez executions had been sent from here but the same informant thought it possible General Villa acted under the instructions given several months ago by General Carranza.

That order, it was stated, had directed that no Federal prisoner below the grade of captain be executed.

The negotiations between William B. Hale, agent of the Washington administration and General Carranza were believed here to have reached a crucial stage. Both Mr. Hale and Francisco Escudero minister of exterior relations in the Carranza cabinet and with whom Hale conferred last night, intimated that the exchanges had been of the most friendly and satisfactory character.

The last conference followed the receipt by Mr. Hale of a long message from Washington, the nature of which was not disclosed. Hale replied to this telegram at length at the conclusion of the conference.

It was expected early today that Hale would meet soon with the full Carranza cabinet and it was thought possible some definite announcement might follow that meeting.

## AVIATOR WILL PATROL LINES OF POWER COMPANY

(Associated Press Telegram)  
San Francisco, Nov. 17.—Robert Fowler, an aviator, announced today that he has signed a contract with a power company to patrol its lines between Oakland and Orville in an aeroplane, and will make trips weekly, beginning Nov. 20. Headquarters for Fowler have been established at Sacramento.

Because of difficulty in locating broken wires and interrupted power service, the power company hit upon the idea of employing an aeroplane and aviator, and when Fowler demonstrated that the plan was feasible, a contract was signed. A patrolman equipped with repair apparatus will ride with Fowler.

Mr. and Mrs. Gideon Lippincott of Cleveland are visiting in the city, being called here by the illness of Mr. Hughes.

## TWO INSURANCE ASSOCIATIONS IN HANDS OF STATE

(Associated Press Telegram)  
Cincinnati, Nov. 17.—E. H. Moore, state insurance commissioner, was ordered today to take charge of two Cincinnati insurance companies, the Buckeye Fire Insurance Association, and the Central Fire Insurance Association. The circuit court of appeals of this district issued the order. It is a sequel to suit filed by Assistant Attorney General John Deany some days ago, in which he charged that the associations were insolvent. Attorney L. H. Purcell, for the two associations, told the court that deeds of assignment had been filed previously to the action. The state attorney's office, but the judge held that the state's position should be granted. With Attorney Deany at the time was F. H. Davis, special counsel for the attorney general's office in that branch of work.

It is understood that of the above mentioned concerns have several Newark and Livingston county policy holders. Mr. W. H. Mead of Columbus and Pataskia was identified with the management. It is said each company has about \$500,000 insurance in force.

## MASS MEETING TO PROTEST AGAIN T WOMAN'S HANGING

(Associated Press Telegram)  
New Haven, Conn., Nov. 17.—The Fairhaven Women's Political Union, through its president, Mrs. Sarah Devlin, sent a letter to President Wilson yesterday requesting him to use his influence to save Mrs. Bessie J. Wakefield from hanging next March for the murder of her husband.

A mass meeting to protest against the hanging will be held here Wednesday night, under the auspices of the Women's Political Union.

If Mrs. Wakefield's sentence is carried out she will be first woman to be hanged in Connecticut since colonial days.

## SULZER TO START ON LECTURE TRIP AGAINST TAMMANY

(Associated Press Telegram)  
New York, Nov. 17.—William Sulzer, deposed governor of New York, and member-elect of the next legislature, has arranged to spend the next six weeks on a tour of Western cities to spread further his denunciation of Tammany Hall which he has repeatedly charged with a plot to remove him from office. His topic will be "The Treason of Tammany," and his tour will take him as far West as the Pacific coast cities.

## THE INTERSTATE COMMISSION IS INVESTIGATING

(Associated Press Telegram)  
Philadelphia, Nov. 17.—The first hearing in the investigation instituted by the Interstate Commerce Commission into the rates and practices of the hard coal carrying railroads was held here today before Commissioner John H. Marble.

The commission seeks chiefly to determine whether the railroads have been strictly observing the interstate commerce laws, whether their freight rates on coal are reasonable and whether there exists a community of interest among them that is detrimental to the independent and the public in general. The investigation consequently promises to be the most sweeping ever conducted by any government agency into the affairs of anthracite railroads.

The witnesses under subpoena to testify today were officials of the Central Railroad of New Jersey but it was expected that the forefront of the session would be occupied in the introduction of documentary evidence, including a mass of official correspondence subpoenaed from the fields of the railroads involved.

# WEDDING THE CULMINATION OF ROMANCE

It required a score of friends to escort Tom Polp, twenty-six, a Wehrle stove polisher, and his fiancée, Anna Andrea, eighteen, to the ceremony at noon Monday morning to get a license to wed. The ceremony was performed during the afternoon by the Roumanian Lutheran priest of this parish.

The marriage of Tom and Anna is a sequel to a romance which had its beginning in Hungary many years ago. Although Tom is eight years the senior of his bride, they were sweethearts in their native town in a northern province long before Tom came to America to seek his fortune.

When he found that he was successful in his trade and in a fair way toward laying up a neat little sum for providing a home, he made it known to Anna. She already had planned to come to America with him, and a few weeks ago she arrived in New York. Through an interpreter, Anna said Monday, when she stepped from the gangplank of the vessel at Ellis Island, she felt that she had undertaken a new life, which was to be much happier with Tom. And then her own people are coming to America soon.

Tom was happy, too, when he greeted Anna at the Pennsylvania station in Newark. Anna went to live with relatives in North street until the wedding plans could be determined upon, and Monday the little romance was complete.

# COLUMBUS CHAUFFEUR DIES HERE

Had Brought Meeting Party to Newark When He Was Suddenly Stricken.

George Powell, aged 25, a chauffeur of Columbus, died at the City Hospital Monday afternoon about 1:15 o'clock, death probably being due to cerebral hemorrhage, though this fact had not been definitely determined. Powell came to Newark Sunday night with a party of four hunters from Columbus, who expected to spend the day hunting in the fields of northern Licking county.

Monday morning when the party was ready to start for the country, Powell was found to be too ill to make the trip.

Dr. J. N. Wright was called and ordered the Bazler & Bradley ambulance to remove the man immediately to the City Hospital for treatment. His death followed a few hours later.

What produced the hemorrhage has not been determined, though it is believed that the exertion attending the long drive under poor road conditions, so exhausted the young man that the rupture of the blood vessel in the brain followed. Owing to the rains Saturday and Sunday night the roads were in bad shape and Powell found the driving very difficult. He was greatly fatigued when the party reached Newark Sunday night.

They remained with friends at Fourth and Channel streets during the night, to be ready for an early start Monday morning. Powell's condition made it necessary to abandon the hunting trip as none of the other members of the party was familiar enough with the machine to drive it.

Immediately after Powell's removal to the hospital it was seen that his condition was serious. His father, John Powell, a blacksmith in Mt. Vernon avenue, Columbus, was summoned by telegraph and reached the hospital a short time before his son's death.

Powell, who is a hunchback, has been a chauffeur for some time and he has been a familiar figure on the Columbus streets. His death caused much regret to members of the party whom he piloted safely to Newark, and out of respect for the young man, their trip was abandoned.

The body will be prepared for burial and shipped to Columbus this evening.

# The Courts

**Common Pleas Court.**  
In Common Pleas court on Monday, the court and jury were engaged in the trial of the case of L. Jefferson Long vs. J. W. Shaw. Plaintiff sues to recover for work and labor which he claims he performed for defendant upon defendant's farm.

The case of the State of Ohio vs. James Marlow, indicted for robbery, will go for trial to the jury on Thursday of this week.

State of Ohio vs. Swartz, for trial Wednesday. He is charged with non-support of minor child.

Charles T. Jones vs. John P. Camp, owing to the illness of defendant, the case was taken from the present assignment of cases for trial.

**Damage Suit.**  
Total disabling of his wife's left hand constitutes a damage to the extent of \$2500, according to Charles Morris, of Newark, who filed suit in common pleas court to collect that amount from A. H. Heisey & Company.

Mrs. Morris was employed as a glass polisher in the Heisey plant Aug. 14, 1911, says the petition prepared by Attorneys Flory & Flory, when her hand was caught in a polishing machine and badly hurt. Morris asserts the injury is permanent and will result in rendering the hand absolutely useless, and charges the defendant corporation with negligence, as an occasion for the accident.

# Readers' View Point

As I am a farmer and tax payer I am perfectly delighted in regard to an editorial in your issue of Tuesday's Advocate in regard to the keeping up of our roads for automobile travel. I think it is so exciting and highly entertaining to have one of those crazy speeders come along and crowd one's team out of the road or nearly so and if said auto wears a hole in said road we are expected to hitch up our horses to the wagon and fill said hole with gravel so it will not disturb their enjoyment and even to donate said work. Now I think a man that will take such views as that has not much interest in the farmers' welfare or has not the right weight in his attic, still I may be wrong.

# SEEKS CERTIFICATE OF BOY'S BIRTH FOR NAVY DEPARTMENT

Mayor F. M. Swartz has received a letter from August Hopke, a notary public at Charleston, S. C., asking for a certificate of birth of Riley Wilson Rogers, one of the crew of a U. S. battleship now in Charleston navy yard. Mr. Hopke states that a new ruling of the navy department requires all enlisted men to furnish certificates of birth or naturalization. Rogers was born in Newark May 21, 1884, and was christened in a local Methodist church. Mayor Swartz turned the letter over to Pastor L. C. Sparks of the First Methodist church as being the most expeditious means of furnishing the information desired. At that time, registration of births was not compulsory and it is doubtful if Rogers' advent into the world was officially chronicled.

# FIREMEN OF THE TEXTILE MILLS OUT ON STRIKE

[ASSOCIATED PRESS TELEGRAM]  
Lawrence, Mass., Nov. 17.—The union firemen in the textile mills in this city went on strike today. In pursuance of their vote yesterday to strike unless their demand for a eight-hour day was granted, the men went to the mills this morning, started the fires, then walked out. The strikers number 150.

Should the strike be long continued it is believed the mills, employing 25,000 operatives, would be forced to shut down, owing to the law which prohibits the operating of a manufacturing establishment for more than one week without licensed firemen.

# CENTRALIZATION OF THE GLASS INDUSTRY DIVULGED BY REPORT

Washington, Nov. 17.—Centralization in the growing glass industry was divulged today by the census bureau in its report on that class of manufacture, figures for which it had completed today for the year 1909. The industry was shown to be confined in large measures to Pennsylvania, which led in production Ohio, West Virginia, Indiana and Illinois. These states turned out almost four-fifths of the value of products, which in the United States totaled more than \$92,000,000.

West Virginia showed the greatest strides in the development of the industry during the year. Indiana gave place to Ohio as the second greatest producing state.

### The Jolly Girl

There is a certain type of jolly girl who is welcome in every crowd of young folks. She is the girl who goes at things in a whole-hearted, genuine way, even though she may not be able to perform what she undertakes in the most correct manner.

She must not be confused with the conceited girl who thinks she can do everything, and who tries to show off and prove how superior she is to the rest of the bunch. Nor is she the girl who makes herself disagreeably obnoxious by being loud and pushing and forward. The right sort of jolly girl is just only anxious to make every one have a good time, and doesn't hang back because she isn't highly accomplished.

One such girl was in a party spending the summer in a cabin in the wilds. She was not a particularly good singer. Her voice had never been trained, nor was it especially musical. An old, out-of-tune piano was found in the shack, and since no one else in the party offered to play, she came to the rescue, rounded up the boys and girls at night, and played and sung old familiar songs, and thus helped the crowd pass the evenings enjoyably. In the same spirit, she made candy, played jokes, planned trips and kept things merry. She was the life of the crowd, and the favorite of the party, and all because she did what she could.

Many a girl who is not very popular could take a leaf from this girl's notebook. Often a girl is backward and quiet, because she thinks she has nothing to offer in the way of entertainment that will interest her little crowd of friends. Many a girl because she hasn't a really good voice, never thinks of singing. But lots of girls could in an emergency, do what this girl did, jump in and give what they have. If other good singers had been about, of course this girl would not have offered to sing. But she saw that every one would be dull and bored unless something was done, and so she started something. She gave what she had. And if girls who are in or near the wall-flower class would do likewise they would find themselves decidedly more popular than they ever have been; and in addition, they would discover that perhaps they had greater capabilities for entertaining than they thought. It might wake them up in a way that would be decidedly to their advantage socially.

It is a case of giving what one can. It must be remembered, however, that one must choose the occasion to do this. In a crowd where there are others who can far surpass one, it would be foolish to offer one's little efforts. It would probably only bring ridicule on one. But in a situation when what one can do is the best at hand, a girl will prove herself a good fellow by offering it. And because her singing or playing or candy-making may not be of a Number One brand, in such a case she should not hold back. But like the girl of this backwoods crowd, if she will jump in and do her best, she will win a warm place in the hearts of all by her kindly, whole-hearted efforts to entertain.

# Murdered Race; Murderer To Die

The Greatest Criminal of All His-  
tory Soon to Meet His Fate.

## A REIGN OF SIN AND DEATH

James Charged Satan With Murder.  
Adam and His Race the Victims.  
The Murderer at Large Six Thou-  
sand Years—He Has Added Insult to  
Injury—He Has Made Us Believe  
That Our Best Friend Caused the  
Race Eternal Ruin—The Hidden  
Things of Darkness Now Coming to  
Light—The Deceiver to Be Bound  
For a Thousand Years While His  
Nefarious Work is Undone—Then He  
is to Be Utterly Destroyed.

Steuvenville, O.,  
November 16.—  
Pastor Russell is  
here and has given  
two addresses.  
We report one of  
these from the  
text, "He [Satan]  
was a murderer  
from the begin-  
ning and abode not  
in the Truth. . . .  
When he speak-  
eth a lie, he speak-  
eth of his own;  
for he is a liar and the father of it." (John 8:44.) Pastor Russell said:

We all know that the holy angels of  
Heaven are free from the blights  
which cause sorrow on earth. In  
Heaven there is no sighing, no crying,  
no dying, no sickness, no heart-aches,  
no headaches, no insane asylums, no  
funerals, no doctors. On earth these  
things are so familiar that many as-  
sume that they always have been and  
always will be. And yet without a  
question we all acknowledge that the  
same God who made such a splendid  
provision for the angels is the God of  
humanity, our Maker. Why should  
He have done so differently with two  
creations of His own family—His own  
creatures, His own children?

The Bible explains that the reason for  
the difference between God's treat-  
ment of mankind and His treatment  
of the angels is that the human family  
became sinners, depraved, alienated,  
through the disobedience of Father  
Adam; that the entire race of Adam  
is mentally, morally and physically  
impaired; and that these impairments  
are all incidental to the curse, or pen-  
alty of sin; namely, "Dying, thou shalt  
die."—Genesis 2:17—margin.

**Satan the Murderer.**  
Jesus declares that Satan is wholly  
responsible for the death of our race.  
He was the murderer of our first par-  
ents, and by the laws of heredity we  
all lost our lives through his terrible  
deception. Satan persuaded Mother  
Eve that God, who cannot lie, had  
lied to her; that the declaration, "Dy-  
ing, thou shalt die," is an untruth; that  
man could not die; that he had some  
inherent life that even God Himself  
could not interfere with. He persuad-  
ed her that God had a selfish motive  
in making the death threat, in telling  
the lie; that God wished to keep her-  
self and Adam in ignorance; but that,  
by obeying himself, they would become  
like God.

Man's sentence was carried out. Our  
first parents were driven from Eden,  
that they might no longer have access  
to its life-sustaining fruits, that they  
might come under the penalty, "Dying,  
thou shalt die." There never was a  
sentence, Thou shalt live in eternal  
torment and be tortured by devils.  
All such misrepresentations are slan-  
ders of the Divine character, purpose  
and plan, intended to dishonor God  
and turn mankind away from Him.

**Jesus the Life-Giver.**  
Before considering the murderer and  
his fate, let us glance at the murdered  
race, which now has numbered approx-  
imately twenty thousand millions of  
souls. They are all dead or dying.  
There is no hope for them except in  
God. Has God a gracious provision,  
and if so, what is it?

The Bible assures us that God is  
very compassionate, and that He so  
loved the world as not to wish them  
to perish like the natural brute beast.  
He therefore gave His Son, that all ex-  
ercising obedient faith in Him might  
be saved from perishing and might at-  
tain everlasting life. We must not  
overlook the fact that, as we were not  
sentenced to eternal torment, neither  
did God provide a redemption from  
eternal torment. The death penalty on  
humanity would have reduced our race  
to the same condition as the brute; for  
a dead man would have had no supe-  
riority over a dead beast. But here  
God intervened. He provided a Savior  
and a great One, who could save to  
the uttermost. He proposes to save us  
from perishing—from destruction—not  
from eternal torment, of which the Bi-  
ble knows nothing.

The word Savior signifies Life-giver.  
Father Adam, having fallen into sin,  
failed to give his race life-perfection.  
We were all born a dying race. The  
thing we need is the thing which we  
lost—life, everlasting life. And this  
is what God has provided for the race.  
He proposes that "all who are in their  
graves shall hear the voice of the Son  
of Man and come forth." The salva-  
tion which God has promised is a re-  
urrection—a raising up from death to  
life—to give beauty for ashes—perfection  
for imperfection.

Thus it is written, "As by a man  
came death, by a man also comes the  
resurrection of the dead. For as all in  
Adam die, even so all in Christ shall  
be made alive. But every man in his  
own order [or company]: Christ [Head  
and Body], the First-fruits; after-  
wards those who shall become Christ's  
at [during the time of] His presence"—  
the thousand years of His glorious  
Reign for human uplift.—1 Corinthians  
15:20-23.

The uplifting, the resurrecting, the  
Restitution, will not be merely an  
awakening from the tomb to the con-  
ditions which prevailed before death;  
much more is implied. Father Adam's  
dying began when he was perfect. It  
included all the processes which finally  
led him to the tomb. His resurrec-  
tion, or raising again, will not signify  
merely his coming from the tomb, but  
will include all the steps of progress  
up, back to all that he was at first  
—to all that he lost through sin—to all  
that was redeemed for him at Calvary.  
And the same principle will hold with  
all his children, his race. In him they  
all fell from perfection, and through  
Christ they may all retain the perfec-  
tion which they lost.

**Only Two Exceptions.**  
This blessing of Restitution will in-

clude the whole race, with two excep-  
tions. The first exception will be those  
who will reject the gift of God, eternal  
life, through Jesus Christ our Lord, by  
refusing to co-operate with God in the  
love and service of righteousness and  
in the hatred of iniquity.

The second exception will be the  
Church of this Gospel Age—not the  
nominal Church, but the Church whose  
members are written in Heaven—all  
saints, out of all nations and denom-  
inations. These will not be returned  
to the perfection of Adam, because ac-  
cording to the call of this Gospel Age  
they are invited to a change of nature,  
and in the present life experience a  
begetting of the Holy Spirit. If faith-  
ful, they will share the First, or supe-  
rior, Resurrection, and will be made  
perfect on the Heavenly plane, that  
they may be associated with the Mas-  
ter in the great work of blessing and  
uplifting humanity in general.

**Satan the Incurable.**  
For all these six thousand years Satan  
has maintained his attitude of en-  
mity toward God and antagonism to-  
ward all the Divine arrangements,  
laws and regulations. God, all-power-  
ful, could have restrained Satan at  
any moment if He chose. The fact  
that He has allowed him to remain  
and to practise to some extent his  
evil work assures us that the results  
will fully justify the course pursued by  
the Almighty.

In the sight of the holy angels, the  
vicious, scheming, plotting, deceiving,  
lying, murderous spirit of Satan has  
been fully manifest; and by and by the  
whole world of mankind, now subject  
to his deceptions, will be fully recov-  
ered and fully informed respecting  
them. God undoubtedly sees that the  
permitting of sin to take its course  
will eventually bring to the world, to  
angels, and to the Church, a wider  
knowledge of good and evil, of right  
and wrong, than could have been com-  
municated to them in any other way.

Satan, evidently always hopeful that  
he might outwit the Almighty and ac-  
complish his purpose, has especially  
labored during the past nineteen cen-  
turies. When he could not seduce the  
great Redeemer to disloyalty to God,  
he sought to put Him to ignominious  
death, only to find that in this he had  
fulfilled the Scriptures. Later, in per-  
secuting the Church and in bringing  
in damnable heresies, through seducing  
spirits inculcating doctrines of demons,  
Satan has sought to turn the hearts of  
all against the Heavenly Father, and  
to mislead them in respect to the Di-  
vine character and Plan.

**The Kingdom and Its Work.**  
God's great Plan will soon have ma-  
tured. Soon the Church will be com-  
pleted. Then Christ will receive her  
to Himself as His Bride and Joint-heir  
in His Kingdom. Then the work of  
that Kingdom, the rescue of the world,  
will begin. Mankind must first be re-  
scued from error, superstition, dark-  
ness, ignorance of God, brought on  
them by Satan. He shall see the  
wreck of all his deep-laid schemes, but  
he will be powerless to any further  
deceive humanity and misrepresent the  
Creator. One of the first acts of Mes-  
siah in His Kingdom will be to "lay  
hold on that old Serpent, the Devil,  
and bind him a thousand years, that  
he may deceive the nations no more."—  
Revelation 20:1-3.

**Sin's Wage is Death.**

Our great Creator has one Law for  
His Empire: "The wages of sin is  
death; the gift of God is eternal life."  
Satan was given this gift; but it was  
conditional—dependent upon his obedi-  
ence. From the moment of his rebel-  
lion he was worthy of the sentence of  
death. But it was not decreed. Time  
was given him to see the folly of his  
course. Century after century increas-  
ed Satan's spirit of opposition to God  
and to righteousness. Even the terrible  
disaster of sickness, sorrow and  
death which he has brought upon man-  
kind swerved him not from his evil  
course. Even the death of the Savior  
for the redemption of the race moved  
him not to sympathy and pity. His  
heart seems to have become the more  
hardened in proportion as he has seen  
manifestations of Divine love and pity.  
This is an illustration of the general  
trend of sin—to hardness of heart.

A certain time has been fixed in the  
Divine Program for the execution of  
this great murderer. He must first  
witness the undoing of all his work.  
He must behold how the light of the  
knowledge of the glory of God will  
sweep away all the delusions which he  
—fostered, and will emancipate hu-  
manity, and lead to the anthem, "Glo-  
ry to God in the Highest, and on earth  
peace, good will toward men."

The Scriptures do not inform us of  
where Satan will be during the period  
of his bondage, during the period of his  
restraint from doing evil—during the  
thousand years of Messiah's Reign. It  
merely informs us that at the conclu-  
sion of that period he will be loosed  
again, that he may bring a trial and a  
test upon the human family, then per-  
fect in the flesh. Their number, we  
are told, will be as the sand of the  
seashore—a world full. They all will  
have enjoyed the full benefit of Mes-  
siah's Reign—Restitution to all that  
was lost—to full human perfection.  
The earth, brought to perfection, will  
be as the Garden of Eden—the Garden  
of the Lord, Paradise restored.

**Why Will Satan Be Loosed?**

The Bible answer is that God de-  
sires to prove, to test, all of the hu-  
man family. They will have had a  
knowledge of sin, a knowledge of  
God's goodness, a knowledge of human  
recovery from sin and death. But the  
question which God would decide with  
them is, Have they so learned the les-  
son of the sinfulness of sin and the  
bitterness of its results that they would  
hate sin and love righteousness—that  
they would be obedient to God, trust-  
ing Him where they could trace Him  
and where they could not? Any who  
after all the experiences they will have

passed through would not be absolute-  
ly loyal to the Lord to the very core  
in word, in deed and in thought, would  
not be dependable—would not be  
worthy of eternal life, which God pur-  
poses only for those who have demon-  
strated fully established characters in  
harmony with the Creator's.

**All Will Be Tested.**

As to the nature of the test we are  
not informed. We are merely told that  
Satan will be loosed that he may tempt  
all mankind. We may be sure that  
the temptations will be along the lines  
of full submission to the Divine will.  
The Scriptures imply that when Mes-  
siah shall deliver up the Kingdom at  
the close of the Millennium the govern-  
ment of the world will become a Re-  
public, in which each person is a king,  
and one of these kings chosen by vote  
to be the Administrator of the affairs  
of the Government.

Let us suppose as an illustration that  
mankind would be expecting such a  
change of government at a particular  
time. Let us suppose that God had al-  
lowed them to misunderstand some fea-  
ture of His Plan and thus to expect the  
change of government at the wrong  
time. Here would be an opportunity  
for a test upon all. A question would  
arise which would tend to cause a di-  
vision amongst all mankind. Some  
might be inclined to say, The time for  
the change has come, and it should be  
made; and those who are retaining the  
government are in error. So be-  
lieving, they might make a demand  
upon the earthly representatives of the  
Divine Government that a transfer  
should be made, and that the world  
should become a republic instead of re-  
maining a theocracy.

Others of mankind might say, Nay;  
we are debtors to God for all that we  
have. We may have misunderstood  
the time or some feature of the Divine  
purpose in respect to the time of the  
change in the government of the  
world, but we are very happy, very  
thankful to God, very appreciative of  
the blessings we are enjoying. If God  
wishes to make a change in the gov-  
ernment, well and good. If God wishes  
that the present government shall hold  
over indefinitely, all well and good.  
We refuse to join with those who are  
proposing a demand for the transfer  
of the government.

Something of this kind would seem  
to be implied in the figurative expres-  
sions of Revelation 20:3. "The camp  
of the saints and the Beloved City" would  
seem to represent the earthly phase of  
the Kingdom, and the encompassing of  
the camp would seem to imply a pro-  
test. Such a division of sentiment  
would show clearly how many had  
fully learned to commit everything to  
God and to trust absolutely in the Di-  
vine supervision of their affairs, and  
how many, after all the great lessons  
of seven thousand years, would still  
be inclined to take matters into their  
own hands—world-wide.

**Destruction of Satan and All God's  
Enemies.**

The denouement here and elsewhere  
pictured is that there came down fire  
from Heaven and devoured them—Satan  
and all those who took the side of  
self-will and who indicated a measure  
of disloyalty and unfaithfulness.

Many are the Scriptures which seem  
to tell us of the final destruction of  
Satan; as, for instance, Romans 16:20,  
which declares that God will ultimate-  
ly bruise Satan under the feet of the  
Church, thus associating the Church,  
the Body of Christ, with the Lord, the  
Head. This corresponds with the Di-  
vine statement in Eden that ultimate-  
ly the Seed of the woman would crush  
the Serpent's head—ultimately destroy  
the Serpent and all that he stands for;  
namely, sin and rebellion against God.

Thus eventually the wages of sin and  
death must be meted out to any wil-  
ful, persistent rebel against the Divine  
Law, whether he be an outward rebel  
or one secretly disloyal. The lesson is  
one for all of God's people and for the  
whole world. If we know the Spirit  
of the Lord in respect to sin, happy are  
we if we conform our lives thereto.

Let us mark well the course that will  
ultimately lead to Satan's destruction.  
Let us mark well also the course of  
Jesus, which led to the highest glory.  
Which example shall we follow? Shall  
we in humility walk in the footsteps of  
our Redeemer, and become His Joint-  
heirs, or shall we take the other course  
of pride, and thus become disciples of  
the Adversary, and reach his doom?

**HAVE DARK HAIR  
AND LOOK YOUNG**

Don't stay gray! Nobody can tell  
when you darken gray, faded hair  
with Sage Tea and Sulphur.

Grandmother kept her hair beau-  
tifully darkened, glossy and  
abundant with a brew of Sage Tea  
and Sulphur. Whenever her hair  
fell out or took on that dull, faded  
or streaked appearance, this simple  
mixture was applied with wonderful  
effect. By asking at any drug store  
for "Weyh's Sage and Sulphur Hair  
Remedy," you will get a large bot-  
tle of this old-time recipe, ready to  
use, for about 10 cents. This sim-  
ple mixture can be depended upon to  
restore natural color and beauty to  
the hair and its splendid for  
dandruff, dry, itchy scalp and falling  
hair.

A well known downtown druggist  
says everybody uses Weyh's Sage  
and Sulphur, because it darkens so  
naturally and evenly that nobody  
can tell it has been applied—it's so  
easy to use, too. You simply damp-  
en a sponge or soft brush and draw  
it through your hair, taking one  
strand at a time. By morning the  
gray hair disappears; after another  
application or two, it is restored to  
its natural color and looks glossy,  
soft and abundant. Agents Hall's

## LICENSE BOARD TO INVESTIGATE THE COMPLAINT

DELL C. Woolard, by his attorneys, L. C. Russell and C. D. Savers of Columbus, filed a complaint with the county liquor license board late Saturday, requesting that licenses be withheld from Thomas Bucy, Joseph S. Kester, Jr., William C. Vogelmeier and Charles L. Livingston, and that licenses be granted to four other men in their stead.

Secretary O. C. Larason of the county board said Monday the document filed by Attorneys Russell and Savers was not a protest, and that it did not name the four other men, who, it alleged, should be substituted for the four against whom the complaint is made.

The actual complaint is that the four mentioned are not legal successors to former owners, and that they have not been in business from prior to the fourth Monday in May, 1912, to the present, as specified by law.

Members of the board said Monday the board will investigate the matter and may adjust it without calling in witnesses in a public hearing, or it may have a public hearing. "Should licenses be withheld from any or all of the persons complained of, it will then be left discretionary with the board whether it fills their places or not."

## WORKHOUSE FOR HUSBAND OF A YOUNG BRIDE

Pearl Fint Bartlett, the 16-year-old bride of Howard Bartlett of Columbus, is deprived of her husband for six months. Bartlett and his girl wife are the same who were arrested here last week by Juvenile Officer Dwyer and Patrolman Gorman.

Judge Black in Franklin county juvenile court sentenced Bartlett to six months in the workhouse for failure to provide for his child by a former marriage. The fact that Bartlett perjured himself here on November 2 to obtain a license to wed the Fint girl did not mitigate his other offense, in the opinion of the court.

Participants in the 1913 Boys' One-acre Corn Contest in Licking county, met with members of the Licking County Crop Improvement Society Saturday afternoon, and on completion of the canvass of their papers, submitted with affidavits of judges, the above eight youths were found to be winners of the free trips to Washington on the Corn Boys' Special, leaving Columbus next month.

The free trips to Washington and Philadelphia on the Ohio Corn Boys' Special, are offered Licking county boys by:

Roe Emerson, Newark clothier. Park National Bank of Newark. Granville Bank of Granville. Newark Trust Company, Newark. A. L. Norton, bookseller and stationer, and Dr. F. E. Corkwell, Newark, jointly.

Licking County Commissioners. Licking County Agricultural Society.

Congressman W. A. Ashbrook offers to pay the expenses of the trip for the boy making the best showing in his district, comprising five counties.

A Licking county corn show is now a certainty. Enthusiasm greeted the suggestion in the meeting held Saturday and it was determined to hold the exhibition here during the second week in January.

Participants in the one-acre contest have been enlisted as a committee to assist in raising funds to make the affair one of county-wide interest.

President J. M. Farmer and Secretary Walter C. Metz announced the calling of a meeting for the purpose of arranging details for the corn show, which is hoped to prove of great benefit in winning recognition for Licking county crops as the leaders in the state.

The meeting is to be held in the assembly room of the Newark Trust building on November 29, Saturday at 10 a. m.

The object of the Licking county corn show, as explained by officers of the society is to make a selection for entry in the state corn show which is to be held in Columbus early in the next year.

The list of winners in the one-acre corn contest has been selected from sixteen contestants, two of whom did not report.

## PAN HELLENIC MEETING WAS A GRAND SUCCESS

Alumni of Denison From All Over the Country in Attendance Saturday Evening.

Granville, O., Nov. 17. The first Pan Hellenic meeting of the national fraternities of Granville was a great success and was largely attended, 250 being present. The idea will in all probability become an annual affair. Alumni from all over the country who had not visited Granville for many years were attracted by this opportunity to meet their old chums and college friends and responded heartily to the invitations issued.

The purpose of the Pan Hellenic is to boost Denison and secure the interest of the alumni in promoting schemes that would add Denison to expand.

The idea has been developed largely by W. F. Chamberlain of Dayton, W. L. Flory of Cleveland and W. A. Chamberlain. These men took the initiative and added profoundly in the success of the convention. The result was the gathering of a large number of loyal Denisonians and those who spoke revealed the days when they were students in the institution.

The meeting was called to order at 6 o'clock by President Chamberlain of Denison, after a brief invocation had been offered by those present. The introduction of some of Denison's prominent alumni who in general spoke at some length on the advantages of Denison, its future prospects and emphasized the necessity of continuing the completion of the college term after once entering Denison.

Among the prominent speakers

were President Chamberlain, who gave a very interesting talk on

"Denison," in which he spoke very encouragingly on the past, present and future of the college, which at present is very brilliant. He was followed by W. F. Chamberlain of Dayton, Dr. Francis Sheperdson, who is well known to Denisonians because of his active interest in the institution. Edward A. Deeds, vice president of the National Cash Register company, Rev. Millard Breisford, pastor of the Baptist church of Granville and Coach Livingston of the athletic department of Granville college. He gave an excellent talk in which he cited the lack of proper athletic equipment in accordance with the prominence of Denison in athletics. He urged the alumni to give more thought to this important phase of college activities and it is hoped that his arguments will be favored in a material manner.

The meeting was brought to an enthusiastic conclusion about 9 o'clock, and it is believed that the inauguration of this idea will be followed in the future by annual convocations of the Greek letter men. Not only was the old Denison spirit revived to a higher degree than heretofore among the alumni, but at the same time the present students received very valuable information as to their proper attitude to college and fraternal duties.

## VARSITY RUNNERS DEFEAT DENISON

Granville, Nov. 17.—Ohio State outclassed Denison in the cross country meet here Saturday afternoon. State runners showed hard training and ran the five miles in very good time. The course was muddy but the showing was excellent under the circumstances.

stances. Captain Criswell, of Ohio State, finished fifty yards ahead of Captain Miller of Denison, who was second.

The score was 44 to 19 in favor of State. Out of the first eight men who finished, six were State and two Denison men. The time of Criswell was 24:23, and Miller of Denison finished 27 seconds behind. The first five men

were: (1) Criswell, (O.); (2) Miner (D.); (3) Carpenter (O.); (4) Dupre (O.); (5) Dawson (O.). Denison seemed to weaken on the finish and Ohio had very little competition at the tape.
